

A FEW gay events have sufficed for the past week, and excepting those, the seven days have been quite uneventful. The one brilliant party of the week was also the most important affair of the season—the lawn party given for Miss Donnellan at the Salisbury home Thursday night. Preceding that the visitors' day at the Country club was a most noticeable success, and the young dancing set enjoyed the two large dancing events greatly.

Almost nothing is planned for the next few days, a luncheon or two the latter part of the week serving only to break the monotony. A great number of the society people are either at the mountain resorts near by or at the coast points to the west. Many of the most hospitable homes are closed either for the summer or for a longer time, and there is no prospect of a really gay period till the cool weather in the autumn. However, the climate is too ideal here to do away with all summer entertainment, and there will always be a few left in town to keep something doing in a social line.
